

LSCDigital Can Target **93%*** of Adults Online!

Start talking directly to your customers with intent based ads that can utilize behavior like never before

We can now display personalized ads on Google, in Gmail's inbox, on YouTube, Facebook and other platforms. While others can help you with this service, only LSC Digital offers our **Concierge Data Match**.

Simply provide us with a customer list and we will match it to the Google audiences and identify over 80% of your customers online. Comparatively speaking, this is almost double Facebook's average match rate!

Perfect For:

- Generating Leads
- Increasing Online Sales
- Driving In-Store Visits
- Integrating Omni-Channel Campaigns
